12:00 PM Room 8026	14	Lunch	

<u>Approximate Times</u>	<u>Tab</u>	<u>Agenda Item</u>	<u>Presenter</u>
1:00 PM Room 8003	15	Reconvene	Chairman Kessel D. Stelling, Jr.
	16	Chancellor's Report	Chancellor Henry Huckaby
1:15 PM	17	Committee Reports:	
		A. Executive & Compensation	Chairman Kessel D. Stelling, Jr.
		B. Academic Affairs	Regent Doreen Poitevint
		C. Finance & Business	Regent Neil L. Pruitt, Jr.
		D. Internal Audit, Risk, and Compliance	Regent Don L. Waters
		E. Personnel & Benefits	Regent James M. Hull
		F. Organization & Law	Regent Larry R. Ellis
	G. Real Estate & Facilities	Regent Sachin Shailendra	
1:25 PM	18	Regents' Nominating Committee	Regent Neil L. Pruitt, Jr.
	19	Unfinished Business	Chairman Kessel D. Stelling, Jr.
	20	New Business	Chairman Kessel D. Stelling, Jr.
	21	Petitions and Communications	Secretary Samuel C. Burch
	22	Executive Session	Chairman Kessel D. Stelling, Jr.
	23	Reconvene	Chairman Kessel D. Stelling, Jr.
	24	Adjournment	Chairman Kessel D. Stelling, Jr.

AGENDA

GRADUATE MEDICAL EDUCATION COMMITTEE

October 12, 2016

Agenda Item **Page No.**

Information Item

1. Update on GME expansion activities 1

Approval Items

2. Approval of Funding Recommendations from GREAT 2

1. **Information Item: Update on GME expansion activities**

The legislature appropriated a total of approximately \$3 million into the USG budget for FY 2017 to further ongoing efforts to create new residency programs at new teaching hospitals in Georgia. With the support provided by this funding, USG Efforts in FY 2017 will focus on further development of GME programs across the state. Mr. Ben Robinson will provide the committee with a more detailed update on recent developments as well as a report on ongoing progress with existing partners.

2. **Action Item: Approval of Recommendations from the GREAT**

Background: The Northeast Georgia Healthcare System has indicated interest in opening 7 new GME programs in its Gainesville facility in FY16. In total, they plan to add 160 new residency slots to our collective efforts. When they submitted their request for funding to the BOR, they were still completing negotiations with key leadership of the healthcare system. Understanding this, the BOR approved partial funding for Northeast Georgia. However, at this time the healthcare system has completed internal communications and is ready to begin aggressively building its GME programs and now requests the board provide all additional funding to fully support their substantial efforts regarding GME.

With this understanding, the GREAT recommends \$2.6 million in additional funding for the Northeast Georgia Healthcare System:

- \$2.6 million for Northeast Georgia Healthcare system – to support the creation of new GME programs in internal medicine, family medicine, OB/GYN, general surgery, psychiatry, emergency medicine and transitional year.

AGENDA

EXECUTIVE & COMPENSATION COMMITTEE

October 12, 2016

Agenda Item **Page No.**

EXECUTIVE SESSION

1

1. Executive Session

The Committee will discuss several matters in Executive Session.

AGENDA

COMMITTEE ON ACADEMIC AFFAIRS

October 12, 2016

Agenda Item **Page No.**

ACTION ITEMS

I. Information Items:

- | | | |
|----|---|---|
| 1. | USG Academic Program Approval Process | 3 |
| 2. | Establishment of an External, Dual Degree: Master of Science with a major in Crop and Soil Sciences with an emphasis in Sustainable Agriculture with the Università degli Studi di Padova, Italy (UNIPD), University of Georgia | 4 |

II. Academic Programs:

New Program Requests:

- | | | |
|----|--|---|
| 3. | Establishment of a Bachelor of Science with a major in Agricultural Education, Abraham Baldwin Agriculture College | 5 |
| 4. | Establishment of a Doctor of Philosophy with a major in Ocean Science and Engineering, Georgia Institute of Technology | 7 |

Policy Revisions:

- | | | | |
|----|---------|---|----|
| 5. | 2.10 | Institutional Mission | 9 |
| | 8.3.6 | Criteria for Promotion | 17 |
| | 8.3.7.3 | Criteria for Tenure | 19 |
| | 8.3.4.2 | Non-tenured Faculty with Academic Rank of Instructor, Assistant Professor, Associate Professor, and Professor | 21 |
| | 8.3.4.3 | Lecturers and Senior Lectures | 23 |
| | 3.4 | Academic Calendar | 25 |
| | 4.2.1.6 | International Baccalaureate (IB) Policy | 27 |

CONSENT ITEMS**Naming of School:**

- | | | |
|----|---|----|
| 6. | Naming of the existing School of Business to the “C. Lamar and Ann Wright School of Business”, Dalton State College | 30 |

| 7. | Georgia State University | 31 |
| 8. | Georgia Southern University | 32 |
| 9. | University of Georgia | 33 |
| 10. | University of North Georgia | 34 |

III. Named/Endowed Faculty Positions:

- | | | |
|-----|--|----|
| 11. | Establishment of Named Faculty Positions: | |
| | a. Establishment of the Georgia Research Alliance Charles H. Wheatley Chair in Immunology and Translational Biomedical Research, University of Georgia | 35 |
| 12. | Named Faculty Position Appointments | 36 |
| | a. Augusta University | |
| | b. University of Georgia | |

Information Item:

- Annual Academic Programs Report

1. USG Academic Program Approval Process:

The process of recommending new academic programs requires a staged process with the institutions choosing to submit a brief concept paper to determine initially whether sufficient need and demand warrant further program development. Institutions may choose to bypass submitting a concept paper and submit a full proposal. The formal proposal must contain thorough details concerning the program, administration, curriculum, faculty resources, facilities, budget, delivery (if offered using distance technologies or at an external, physical site) and other information as required. The comprehensive integrated review begins with a review team that includes members from Academic Affairs, Fiscal Affairs, Research and Policy Analysis, and Facilities to address need, demand, and resources for the new degree. This is followed by a formal posting notice to the VPAAAs for comments and/or concerns. In addition, the proposal is sent to the Regents Academic content disciplinary committees for a review of the currency of the curriculum. All of the information is summarized and presented to the integrated review committee for a second review and to determine next steps such as whether a follow up with the campus for additional information is required before approving the proposal to move to the Academic Affairs Board of Regents Agenda.

2. **Information Item: Establishment of an External, Dual Degree: Master of Science with a major in Crop and Soil Sciences with an emphasis in Sustainable Agriculture with the Università degli Studi di Padova, Italy (UNIPD), University of Georgia**

Recommended: That the Board approve the request of President Jere Morehead that the University of Georgia (“UGA”) be authorized to establish its existing Master of Science with a major in Crop and Soil Sciences with an emphasis in Sustainable Agriculture as an external, dual degree with the Università degli Studi di Padova, Italy (UNIPD), effective October 12, 2016.

Abstract: The University of Georgia seeks to establish an external, dual degree with the Università degli Studi di Padova, Italy, hereafter referred to as UNIPD, involving UGA’s existing Master of Science with a major in Crop and Soil Sciences. Students will spend one year in Italy and one year in the United States to complete course and research requirements. The program will give students from both countries an international research perspective in crop and soil sciences, particularly sustainable agriculture. It is anticipated that the program will increase collaborative research opportunities among and between faculty members at both institutions. Upon successful completion of the program, students will be awarded the master’s degree by UNIPD and the University of Georgia according as stated below:

UNIPD in Italy: Laurea Magistrale (Master’s Degree) in Sustainable Agriculture, Classe LM-69, D.M. 16/03/2007

University of Georgia: Master of Science with a major in Crop and Soil Sciences

Each institution will appoint an academic board composed of three academically qualified faculty members to manage administration of the program and ensure that it meets institutional requirements for governance and quality. Studies leading to both degrees shall last two years. Student matriculants will spend the first year at their home institution taking courses and the second year at the host institution taking additional course work and conducting research. The language of instruction at both institutions will be English. Students will be required to prepare, present, and defend a final thesis. The selection of students for the external, dual program is shared by both institutions. If a student is unable to complete the program of study at the host institution, then the academic boards of both institutions will determine if an extension will be granted or if the student will be advised to finish the program in a non-dual degree arrangement.

Accountability: The Office of Academic Affairs will work with the institution to measure the success and continued effectiveness of the proposed program. The program will be reviewed in concert with the institution’s programmatic schedule of comprehensive program reviews.

3. Establishment of the Bachelor of Science with a major in Agricultural Education, Abraham Baldwin Agricultural College

Recommended: That the Board approve the request of President David Bridges that Abraham Baldwin Agricultural College (“ABAC”) be authorized to establish a Bachelor of Science with a major in Agricultural Education effective October 12, 2016.

Program Summary: Abraham Baldwin Agricultural College seeks approval to establish a Bachelor of Science with a major in Agricultural Education. The Agricultural Education major is designed for students who desire to teach agricultural education in secondary schools or pursue other careers as educational specialists for industry, nonprofit organizations, and government agencies. Discipline-specific courses are paired with courses that prepare students to teach and work with diverse student populations in an agricultural setting. Courses will be delivered in lecture and lab format on the main campus in Tifton, with field experiences in local secondary schools. The primary goal of the degree is to achieve and maintain a sustainable level of graduate production and job placement to contribute to sustainability of agricultural education programs in Georgia’s middle and high schools.

Strategic Initiative One of the College’s strategic plan, “Destination ABAC,” calls for the creation, implementation, and promotion of programs that attract students from the State of Georgia, the region, the nation, and around the world. As Georgia’s designated Agricultural State College, ABAC focuses on programs in agriculture and natural resource management that prepare students for careers in Georgia’s leading industry. ABAC’s existing degrees in Agriculture, Natural Resource Management, and Environmental Horticulture provide a strong infrastructure on which to build a premier agricultural education program to help provide needed professionals in an important area of the state’s workforce.

Need and Demand: According to the GA Department of Education and the University of Georgia, the annual demand for agricultural education teachers could triple over the next five to ten years. A 2010 report issued by a Joint House and Senate Study Committee of the Georgia General Assembly called for a stronger agricultural education program in Georgia public schools, acknowledged a shortage of vocational agriculture teachers, and concluded that the State needed to produce more agricultural education teachers to meet demand. The B.S. degree with a major in Agricultural Education has been the top priority on ABAC’s yearly Academic Program forecast since 2014. With the recent substantive change of ABAC’s B.A.S. degrees in Agriculture, Natural Resource Management, and Environmental Horticulture to B.S. degrees, the College is well positioned to add Agricultural Education to its strong suite of bachelor’s degrees in agriculture.

List of Similar Existing USG Programs and Productivity:

Projected Enrollment:

	First FY 18	Second FY 19	Third FY 20	Fourth FY 21
I. ENROLLMENT PROJECTIONS				
Student Majors				
Shifted from other programs	0	0	0	0
New to the institution	40	45	50	55
Total Majors	40	45	50	55
Course Sections Satisfying Program Requirements				
Previously existing	0	4	8	8
New	4	4	0	1
Total Program Course Sections	4	8	8	9
Credit Hours Generated by Those Courses				
Existing enrollments	0	540	1080	1560
New enrollments	480	240	0	240
Total Credit Hours	480	780	1080	1800

Fiscal Summary: Resources for the program will come from new funds generated based on tuition revenue emanating from enrollment growth.

Facilities Impact and Distance Delivery: The program will be delivered using the existing space and technology infrastructure of the institution.

Accountability: The Office of Academic Affairs will work with the institution to measure the success and continued effectiveness of the proposed program. The program will be reviewed in concert with the institution’s programmatic schedule of comprehensive program reviews.

4. **Establishment of a Doctor of Philosophy with a major in Ocean Science and Engineering, Georgia Institute of Technology**

Recommended: That the Board approve the request of President G. P. Peterson that Georgia Institute of Technology (“GIT”) be authorized to establish a Doctor of Philosophy with a major in Ocean Science and Engineering, effective October 12, 2016.

Program Summary: Georgia Institute of Technology seeks approval to establish a Doctor of Philosophy with a major in Ocean Science and Engineering. Georgia Tech proposes this degree in order to advance, integrate, and coordinate research and to train future scientists to solve challenges associated with ocean energy, ocean and climate change, ocean modeling and prediction systems, coastal ocean hazards, marine chemical ecology, global and regional ocean biogeochemistry and other thematic areas. Faculty with research expertise in oceanography are distributed across different academic units on campus including the schools of Earth and Atmospheric Science, Civil and Environmental Engineering, and Biology. The proposed program will complement existing doctoral programs at Georgia Tech and expansion of the life sciences with its emphasis on the development of ocean technologies that leverage engineering and computing disciplines. The program will merge disciplinary areas involving physical or biological oceanography and applied ocean sciences. The program will include core competencies in statistical ocean modeling, fluid and climate dynamics, coastal engineering, coastal ocean observing technology, marine natural products chemistry, and aquatic chemical ecology.

Need and Demand: It is projected that the program will attract students who hold master’s degrees in the life sciences, mathematics, computer science, and engineers from a variety of disciplines. Based on Scripps Oceanography, the University of North Carolina, and other aspirational peer institutional data, the number of graduate applications for ocean science doctoral programs in the country is higher than can be accommodated. A new doctoral program in Ocean Science and Engineering at Georgia Tech would meet this demand and attract students who may apply to existing programs in civil and separately, environmental engineering. Georgia Tech anticipates that new doctoral graduates will represent the next generation of academic researchers and faculty as well as professionals in industrial and government positions who will work toward finding solutions for the sustainable development of ocean resources.

List of Similar Existing USG Programs and Productivity:

Other programs in ocean sciences and/or oceanography do not exist at institutions within the university system. Research involving estuarine, coastal, and ocean habitats is currently undertaken by the Skidaway Institute of Oceanography, a unit of the University of Georgia. To provide a comprehensive scope of academic program arrays in the university system, the University of Georgia and Savannah State University currently offer marine science programs at their respective institutions. Academic program enrollments and degrees conferred for marine science programs are provided below; however, marine science is a multidisciplinary field that focuses on ocean life and physics whereas ocean science and engineering engages in a study of the geology of the sea floor, currents and waves, fluid dynamics and chemistry, plate tectonics, and overall chemical and physical properties of the ocean. The University of Georgia also offers a certificate in Coastal and Oceanographic Engineering. Georgia Tech anticipates that it will engage in research projects with the University of Georgia and will market its doctoral program to graduates of Savannah State University’s Master of Science in Marine Sciences.

Enrollments (E) and Degrees Conferred Comparison (D):

Institution and Academic Program	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016
University of Georgia, Doctor of Philosophy with a major in Marine Sciences							
Enrollments	20 (E)	23 (E)	22 (E)	19 (E)	20 (E)	19 (E)	19 (E)
Degrees Conferred	0 (D)	2 (D)	3 (D)	5 (D)	1 (D)	5 (D)	4 (D)

Projected Enrollment:

	First Year	Second Year	Third Year
Student Majors			
Shifted from other programs	2	0	0
New to the institution	6	6 - 8	6 - 8
Total Majors	8	14 - 16	20 - 24

Fiscal Summary: Resources for the program will come from new funds generated based on tuition revenue emanating from enrollment growth. Georgia Tech has reallocated funds from existing academic units to support establishment and growth of this program. Research physical space, platforms, and vessels will be provided through the National Science Foundation. Research will also be conducted through the Skidaway Institute of Oceanography following the themes of ocean technology, sustainability, climate, marine living resources, and coastal ocean systems.

Facilities Impact: The program will be delivered using the existing space and technology infrastructure of the institution. Contingent upon Board approval, a National Science Foundation grant application will be submitted to further support the proposed program. The academic unit has secured funds for technological equipment as well as visualization immersion software, hardware, and space through ongoing faculty research related projects.

Accountability: The Office of Academic Affairs will work with the institution to measure the success and continued effectiveness of the proposed program. The program will be reviewed in concert with the institution's programmatic schedule of comprehensive program reviews.

5. Revisions to Policy 2.10 Institutional Mission

<p align="center">Current Board Policy 2.10 Institutional Mission</p>	<p align="center">Proposed Board Policy 2.10 Institutional Mission</p>
<p align="center"><u>CURRENT POLICY:</u></p> <p align="center">2.10 Institutional Mission</p> <p>The mission of the University System of Georgia (USG) is achieved through the collective missions of our state’s public colleges and universities. The role of public higher education in Georgia is to drive economic development and produce more educated individuals to contribute to the quality of life in the state. USG institutions are responsible for producing graduates with the requisite skills and knowledge to ensure Georgia’s strong future in the knowledge-based and global economy. The individual mission and function of the institutions within the USG must be aligned with the overall USG mission in order to strategically meet the higher education needs of the State.</p> <p>To that end, the function and mission of each institution in the University System of Georgia (USG) is determined by the Board of Regents, and any change in institutional function and mission must be approved by the Board. Institutional function determines the scope of activity of the institution over a considerable period of time and covers the following aspects:</p> <ol style="list-style-type: none"> 1. the level at which the institution will operate 2. the types of educational degree programs to be offered 3. the cost of attending the institution (student tuition and fees) 4. the admissions selectivity of the institution and the extent to which the institution serves as a primary point of access to higher education for under-represented students in a geographic region of Georgia 5. the extent to which the institution engages in teaching, research, and service 	<p align="center"><u>PROPOSED POLICY:</u></p> <p align="center">2.10 Institutional Mission and Function</p> <p>The mission of the University System of Georgia (USG) is achieved through the collective missions of our state’s public colleges and universities. Institutions with a Blended Missions Function

At times a USG institution may be approved by the Board to advance aspects of a mission from different functional sectors. When this occurs, an institution will have a blended mission institutional function. An institution with a blended mission function will be designated with a primary functional sector/mission and a secondary functional sector/mission function. A blended mission function contains functional components from both the primary and secondary sectors sector/mission. While the institution will follow the function and mission of their primary sector, it will also be authorized to function in accordance with aspects of the secondary sector/mission. For example, a state university may be approved to advance aspects of the mission function of a state college in order to provide access to students in a region of the state that would typically be served by a state college. Such an institution will continue to function primarily according to the state university sector, but will also reflect aspects associated with the mission and function of a state college (e.g., level at which the institution operates, the types of degrees offered, cost of attendance, admission standards, and extent the institution engages in teaching, research, and service).

No institution may function operate as an institution with a blended mission function unless approved by the Board. When the Board approves an institution as having a blended mission, function the Board will also approve the institution’s primary functional sector. The guidelines for obtaining Board approval to operate as an institution with a blended mission function can be found in the Academic and Student Affairs Handbook. A list of institutions currently approved for a blended function mission institutions is also located in the Academic & Student Affairs Handbook.

The Chancellor or the Chancellor’s designee may, from time to time, direct institutions with a blended mission function whether and to what extent an institution will

<p>+The institutions below carry a specialized function and mission within the USG: Georgia Institute of Technology – Georgia Tech is the state’s designated technological research institution</p> <p>Georgia Regents University – GRU serves as the state’s only dedicated health sciences/medical college</p> <p>University of Georgia – UGA is Georgia’s land-grant institution established by the Morrill Act of 1862, and also was designated by the Hatch Act in 1887 to establish an agricultural experiment station</p> <p>Georgia College & State University – GC&SU is the state’s designated public liberal arts institution</p> <p>University of North Georgia – UNG is Georgia’s designated Military College</p> <p>Fort Valley State University – FVSU is the state’s only 1890 designated land grant institution</p> <p>Abraham Baldwin Agriculture College – ABAC is Georgia’s designated agricultural state college</p> <p>College of Coastal Georgia – CCG was designated by the Board in 2009 to become a college of choice for Georgia residents and provide expanded baccalaureate degree offerings in this region of the state</p> <p>Georgia Gwinnett College – GGC was established by the Board to provide access to targeted baccalaureate level degrees that meet the economic development needs of the growing and diverse population of the northeast Atlanta metropolitan region. It is the only state college that offers exclusively bachelor’s degrees.</p> <p>(BoR minutes, August 2013)</p>	<p>implement primary functional sector requirements or secondary functional sector requirements.</p> <p>+The institutions below carry a specialized function and mission within the USG: Georgia Institute of Technology – Georgia Tech is the state’s designated technological research institution</p> <p>Georgia Regents University – GRU serves as the state’s only dedicated health sciences/medical college</p> <p>University of Georgia – UGA is Georgia’s land-grant institution established by the Morrill Act of 1862, and also was designated by the Hatch Act in 1887 to establish an agricultural experiment station</p> <p>Georgia College & State University – GC&SU is the state’s designated public liberal arts institution</p> <p>University of North Georgia – UNG is Georgia’s designated Military College</p> <p>Fort Valley State University – FVSU is the state’s only 1890 designated land grant institution</p> <p>Abraham Baldwin Agriculture College – ABAC is Georgia’s designated agricultural state college</p> <p>College of Coastal Georgia – CCG was designated by the Board in 2009 to become a college of choice for Georgia residents and provide expanded baccalaureate degree offerings in this region of the state</p> <p>Georgia Gwinnett College – GGC was established by the Board to provide access to targeted baccalaureate level degrees that meet the economic development needs of the growing and diverse population of the northeast Atlanta metropolitan region. A written recommendation should be submitted by the head of the department concerned setting forth the reasons for promotion. The faculty member’s length of service with an institution shall be taken into consideration in determining whether or not the faculty member should be promoted.</p>

8.3.6.2 Research and Regional Universities

In addition to the minimum requirements above, promotion to the rank of associate or full professor requires the terminal degree in the appropriate discipline or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee per se of promotion (BoR Minutes, Aug. 2014)

8.3.6.3 State Universities

In addition to the minimum requirements above, promotion to the rank of professor requires the terminal degree in the appropriate discipline or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee per se of promotion (BoR Minutes, Aug. 2014).

8.3.6.4 State and Two-Year Colleges

In addition to the minimum requirements above, promotion to the rank of professor requires a master's degree in the teaching discipline, or, in rare cases, the equivalent of two (2) years of full-time graduate or first professional study beyond the bachelor's degree. Longevity of service is not a guarantee per se of promotion (BoR Minutes, October 2008).

8.3.6.2 Research and Regional Comprehensive Universities

In addition to the minimum requirements above, promotion to the rank of associate or full professor requires the terminal degree in the appropriate discipline or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee per se of promotion (BoR Minutes, Aug. 2014)

8.3.6.3 State Universities

In addition to the minimum requirements above, promotion to the rank of professor requires the terminal degree in the appropriate discipline or its equivalent in training, ability, and/or experience. Neither the possession of a doctorate nor longevity of service is a guarantee per se of promotion (BoR Minutes, Aug. 2014).

8.3.6.4 State and Two-Year Colleges

In addition to the minimum requirements above, promotion to the rank of professor requires a master's degree in the teaching discipline, or, in rare cases, the equivalent of two (2) years of full-time graduate or first professional study beyond the bachelor's degree. Longevity of service is not a guarantee per se of promotion (BoR Minutes, October 2008).

8.3.6.5 Institutions with a Blended Missions Function

In addition to the minimum criteria above, promotion to specific ranks requires faculty to have the degree qualifications or the equivalent in training, ability, and/or experience associated with either the institution's primary or secondary functional sectors, depending on which functional sector of the blended mission the faculty member is supporting. Neither the possession of a doctorate nor longevity of service is a guarantee of promotion.

5. Revisions to Policy 8.3.7.3 Criteria for Tenure

<p align="center">Current Board Policy 8.3.7.3 Criteria for Tenure</p>	<p align="center">Proposed Board Policy 8.3.7.3 Criteria for Tenure</p>

Semester Credit Hours Granted		
Score	Standard Level	Higher Level
4	0	3 - 4
5	0 - 4	3 - 8
6 - 7	3 - 8	3 - 12

The particular courses for which students receive college credit may vary from institution to institution, depending on what courses the institution offers.

Determinations of course comparability will be made by the respective departments. Institutions shall, however, attempt to have consistency across the USG on common numbered core courses.

The total college course credits awarded for IB assessments may not exceed 24.

All institutions shall have a widely disseminated policy governing the award of course credits for IB assessments. The policy will apply to both resident and non-resident students.

Institutions will collect data on IB students, analyze the data, and recommend revisions to the policy if warranted.

A student may opt not to accept credits if he/she sees that acceptance of credits may disadvantage him/her. Further, if a student believes that the assessment of his/her work from the IB Diploma Program and subsequent awarding of credits for such is in error, he/she may file an appeal with the appropriate department chair and request a re-assessment. As with other academic matters, if the issue is not satisfactorily resolved at the department level, the student may then appeal to

6. **Naming of the existing School of Business to the “C. Lamar and Ann Wright School of Business”, Dalton State College**

Recommended: That the Board approve the request of President Margaret Venable that Dalton State College be authorized to name the School of Business to the C. Lamar and Ann Wright School of Business, effective October 12, 2016.

Abstract: The naming of the School of Business in recognition of a generous \$5-million-dollar donation from Lamar and Ann Wright. The Wrights are longtime residents of Dalton. Mr. Lamar Wright was a member of the College’s first graduating class of 1969.

7. Termination of Multiple Academic Programs, Georgia State University

Recommended: That the Board approve the request of President Mark Becker that Georgia State University (“GSU”) be authorized to terminate multiple academic programs, effective October 12, 2016.

Abstract: Georgia State University seeks approval to terminate multiple academic programs as a result of comprehensive program review and institutional consolidation. Formal dissolution of the academic programs has been approved by the appropriate institutional curricular governance bodies. There is no adverse effect on students or faculty. No students are enrolled in the programs listed below. The fourteen (14) programs submitted for termination underwent institutional assessment to determine program viability. Based on the institution’s recommendation, the programs listed below will be dissolved and students will be advised of existing degrees and majors.

List of Recommended Programs for Termination:

1. PhD with a major in Business Administration
2. PhD with a major in Health Administration
3. PhD with a major in Human Resources
4. MS with a major in Computer Information Systems
5. MS with a major in Decision Sciences
6. MS with a major in Human Resources Management
7. MA with a major in Mathematics
8. MEd in Behavior Learning Disabilities
9. MEd with a major in Multiple & Severe Disabilities
10. BA with a major in Theatre
11. BS with a major in Human Resources Policy and Development
12. BS with a major in Urban Policy Studies
13. BS with a major in Health Informatics
14. AAS in Services in Electronic Technology

8. Termination of Multiple Academic Programs, Georgia Southern University

Recommended: That the Board approve the request of President Jaimie Hebert that Georgia Southern University (“GSOU”) be authorized to terminate multiple academic programs, effective October 12, 2016.

Abstract: Georgia Southern University seeks approval to terminate multiple academic programs as a result of comprehensive program review and strategic planning. Formal dissolution of the academic programs has been approved by the appropriate institutional curricular governance bodies. There is no adverse effect on students or faculty. No students are enrolled in the programs listed below with the exception of the Bachelor of Arts with a major in Communication Arts for which the institution requests a termination effective December 2017 to enable one student to complete program requirements. The programs submitted for termination underwent institutional assessment to determine program viability. Based on the institution’s recommendation, the programs listed below will be dissolved and students will be advised of existing degrees and majors.

List of Recommended Programs for Termination:

1. Bachelor of Arts with a major in Music
2. Bachelor of Arts with a major in Psychology
3. Bachelor of Science with a major in Political Science
4. Bachelor of Arts with a major in Communication Arts, effective date end of term fall 2017 (approximately December 2017)

9. Termination of Three Academic Programs, University of Georgia

Recommended: That the Board approve the request of President Jere Morehead that the University of Georgia (“UGA”) be authorized to terminate multiple academic programs, effective October 12, 2016.

Abstract: The University of Georgia seeks approval to terminate three academic programs a result of reviewing institutional degree productivity/low-producing programs and comprehensive program review. Formal dissolution of the academic programs has been approved by the appropriate institutional curricular governance bodies. There is no adverse effect on students or faculty. No students are enrolled in the programs listed below.

List of Recommended Programs for Termination:

1. Specialist in Education with a major in Art Education
2. Doctor of Education with a major in Reading Education
3. Doctor of Education with a major in Education of the Gifted

10. **Termination of the Master of Arts in Teaching with a major in Science, University of North Georgia**

Recommended: That the Board approve the request of President Bonita Jacobs that the University of North Georgia (“UNG”) be authorized to terminate the Master of Arts in Teaching with a major in Science, effective October 12, 2016.

Abstract: The University of North Georgia seeks approval to terminate the Master of Arts in Teaching with a major in Science as a result of consolidation and strategic planning. Formal dissolution of the academic program has been approved by the appropriate institutional curricular governance bodies. There is no adverse effect on students or faculty. The program has not been listed in the University of North Georgia catalog or on its website since consolidation. There are no active student matriculants in the program and there have been no graduates since fiscal year 2012. All faculty resources have been redirected to other academic programs.

11. **a. Establishment of the Georgia Research Alliance Charles H. Wheatley Chair in Immunology and Translational Biomedical Research, University of Georgia**

Recommended: That the Board approve the request of President Jere Morehead that the University of Georgia (“UGA”) be authorized to establish the Georgia Research Alliance Charles H. Wheatley Chair in Immunology and Translational Biomedical Research, effective October 12, 2016.

Abstract: The University of Georgia seeks to establish the Georgia Research Alliance Charles H. Wheatley Chair in Immunology and Translational Biomedical Research to be housed in the College of Veterinary Medicine. The University of Georgia Foundation has confirmed that the proposed endowed Chair is supported with a \$3,525,251 gift that is on deposit based on foundation funds dispersed to the academic unit. An addendum to the Charles H. Wheatley – Georgia Research Alliance Chair in Technology-Based Learning Fund was executed on April 15, 2016. The fund was then renamed upon full execution of the addendum. The endowed Chair will be housed in the Department of Infectious Diseases of the College of Veterinary Medicine. The purpose of the position is to support scholarly activities and the holder will be engaged in teaching, research, and public service in infectious diseases or a combination of such duties. The holder of the position will be qualified for tenure on appointment at the full professor level or be a currently tenured professor at the University and will bring currently funded research and scholarly publications to the institution. The position will not be held in conjunction with any other endowed chair or professorship.

12. Named Faculty Position Appointments

Details regarding institutional requests to appoint faculty with the appropriate qualifications into named faculty positions are found in the supplemental agenda. The following are included this month.

Institution Name: Augusta University
Faculty's Name: Dr. Robyn M. Hatley
Chair/Professorship Name: Leon Henri Charbonnier Endowed Chair in Surgery

Institution Name: Augusta University
Faculty's Name: Dr. Paul M. Wallach
Chair/Professorship Name: Leon Henri Charbonnier Endowed Chair in Medicine

Institution Name: Augusta University
Faculty's Name: Dr. Bruce M. LeClair
Chair/Professorship Name: Ollie O. McGahee Jr., M.D. Chair in Family Medicine

Institution Name: University of Georgia
Faculty's Name: Dr. Benjamin Brainard
Chair/Professorship Name: Edward H. Gunst Professorship in Small Animal Practice

Institution Name: University of Georgia
Faculty's Name: Professor Harlan G. Cohen
Chair/Professorship Name: Gabriel M. Wilner/UGA Foundation Professorship in International Law Chair

Institution Name: University of Georgia
Faculty's Name: Dr. James Hamilton
Chair/Professorship Name: Jim Kennedy Professorship in the Henry W. Grady College of Journalism and Mass Communication

Institution Name: University of Georgia
Faculty's Name: Dr. Richardo M. Holdo
Chair/Professorship Name: Odum Chair in Ecology

Institution Name: University of Georgia
Faculty's Name: Dr. Scott Jones
Chair/Professorship Name: Gary K. Bertsch Directorship

Institution Name: University of Georgia
Faculty's Name: Dr. Karen Norris
Chair/Professorship Name: College of Veterinary Medicine Georgia Research Alliance Eminent Scholar in Immunology and Translation Biomedical Research

Institution Name: University of Georgia
Faculty's Name: Dr. WenZhan Song
Chair/Professorship Name: Georgia Power Mickey A. Brown Professor in the College of Engineering

Institution Name: University of Georgia

Faculty's Name: Professor Sonja R. West

Chair/Professorship Name: Otis Brumby Distinguished Professorship in First Amendment Law

INFORMATION ITEM:

Academic Programs Report and Annual Update:

Abstract: Dr. Marci Middleton, Assistant Vice Chancellor for Academic Programs, will provide a presentation on academic program activities that transpired during the 2015 – 2016 academic year. The Academic Programs report of actions taken by the Board provides a contextual review of major initiatives, task forces, and benchmark recommendations that had an impact on public, postsecondary institutions and the university system as a whole.

AGENDA

INFORMATION ITEM

- | | |
|----------------------|---|
| 2. Executive Session | 2 |
|----------------------|---|

1. Mutual Aid Agreements: Georgia Gwinnett College; Georgia State University

The following University System of Georgia institutions seek the Board of Regents' permission to enter mutually beneficial arrangements to engage in emergency management services with the respective agencies named:

Georgia Gwinnett College

- City of Lawrenceville
- Gwinnett County

Georgia State University – City of Dunwoody Police Department

South Georgia State College

- City of Douglas
- Coffee County Emergency Management Agency
- Coffee County Sheriff's Office
- Ware County Emergency Management Agency

2. Executive Session

The committee will enter executive session to discuss litigation matters and applications for discretionary review. Applications for review are made to the Board of Regents Office of Legal Affairs pursuant to Policy 8.6 Applications for Discretionary Review. They are typically personnel matters and issues of academic status.

1. Chancellor’s Actions

Pursuant to authority delegated by the Board, the Chancellor took the following actions:

Appointment of Design Professional Firm, Project No. J-296, Academic Learning Center, Kennesaw State University

Recommended: That the Board appoint the first named Design Professional firm listed below for the identified project and authorize the execution of a contract with the identified firm. Should it not be possible to execute a contract with the top-ranked firm, staff will then attempt to execute a contract with the other listed firms in rank order.

Following public advertisement, qualifications-based selection processes were held in accordance with Board of Regents procedures. The following recommendations are made:

Project No. J-296, Academic Learning Center, Kennesaw State University

Project Description: This project was authorized by the Board in September, 2015. The Academic Learning Center (ALC) will be approximately 147,000 gross square foot building that will provide an auditorium, state of the art classrooms, student commons space, student study space, and will house several major campus programs. The ALC program will augment Kennesaw State University’s instructional spaces with more classrooms, seminar rooms, a multi-purpose lecture hall, computer and other specialized labs.

The building will provide unified space for University College (which currently has departments in three buildings). Additionally, several Student Success and Advising functions will be relocated to the building, as well as the Foreign Language department. Coles College of Business will have needed expansion space in this building with a pedestrian connection to their primary academic home, the Burruss Building. This new building will also free up space in the campus library and will allow for future planned renovation of the upper floors of that facility.

The project will be funded with \$2,000,000 in Private/Philanthropic funds, \$2,500,000 in Fiscal Year (FY) 17 State General Obligation (G.O.) Bonds and \$39,500,000 and \$3,000,000 in anticipated FY 18 and FY 19 State G.O. Bonds respectively.

Total Project Cost:	\$47,000,000
Construction Cost (Stated Cost Limitation):	\$35,000,000

Appointment of Design Professional Firm, Project No. J-296, Academic Learning Center, Kennesaw State University (continued)

Number of firms that applied for this commission: 24

Recommended firms in rank order:

- 1) HOK, Atlanta
- 2) The S/L/A/M Collaborative, Atlanta
- 3) Stevens & Wilkinson GA, Inc., Atlanta

1. Chancellor's Actions (continued)

Appointment of Design Professional Firm, Project No. J-295, Academic Building C, Phase 4, Georgia Gwinnett College

Recommended: That the Board appoint the first named Design Professional firm listed below for the identified project and authorize the execution of a contract with the identified firm. Should it not be possible to execute a contract with the top-ranked firm, staff will then attempt to execute a contract with the other listed firms in rank order.

Following public advertisement, qualifications-based selection processes were held in accordance with Board of Regents procedures. The following recommendations are made:

Project No. J-295, Academic Building C, Phase 4, Georgia Gwinnett College

Project Description: This project was authorized by the Board in September 2015. A 52,000 sq. ft. academic classroom facility will be constructed on the Georgia Gwinnett College campus adjacent to the recently completed Building C, Phase 3 project. The new facility will be a three-story building that will include classrooms, faculty offices and space for academic support programs. The project will be funded from General Obligation Bonds.

Total Project Cost:	\$14,000,000
Construction Cost (Stated Cost Limitation):	\$10,720,000

Number of firms that applied for this commission: 18

Recommended firms in rank order:

- 1) Wakefield Beasley & Associates, Architects, Alpharetta
- 2) Hussey, Gay, Bell & DeYoung International, Inc., Duluth
- 3) Chapman Griffin Lanier Sussenbach Architects, Inc., Atlanta

2. Real Estate Actions Taken within Delegated Authority

The following are the real estate actions taken within the authority delegated by the Board to the Vice Chancellor for Facilities for the period beginning May 1, 2016 and ending August 31, 2016:

Acquisitions

<u>Institution</u>	<u>Location</u>	<u>Description</u>	<u>Purchase Price</u>
Georgia Gwinnett College	1220 Collins Hill Road	6.76 acres with house	\$221,658
Georgia Gwinnett College	Collins Industrial Way	1.563 acres vacant land	\$363,500
Gordon State College	301 Spencer Street	0.77 acres with house	\$128,000

Conveyances

<u>Institution</u>	<u>Description</u>	<u>Conveyed to</u>	<u>Purpose</u>
Middle Georgia State University	0.148 acres in Bleckley County	Georgia Department of Transportation	Widening of Cochran Bypass (State Route 87)

Easements

<u>Institution</u>	<u>Grantee</u>	<u>Purpose</u>
Georgia Gwinnett College	Gwinnett County	Provide slopes and drainage for sidewalk construction
University of Georgia	Unified Government of Athens-Clarke County	Install traffic signal pole and pedestrian signals
University of Georgia	Walton Electric Membership Corporation	Construct, operate, and maintain electrical power lines
University of Georgia	Pike County	Install drainage pipe

Leases as Tenant

<u>Institution</u>	<u>Location</u>	<u>Square Feet/Rent (initial term)</u>	<u>Use</u>
Board of Regents	461 Sandy Creek Road, Fayetteville	5,000 SF \$90,000/annually	Workshop for educational use by Georgia Film Academy

2. Real Estate Actions Taken within Delegated Authority (continued)

Leases as Tenant continued

<u>Institution</u>	<u>Location</u>	<u>Square Feet/Rent</u> <u>(initial term)</u>	<u>Use</u>
Clayton State University	100 World Drive, Peachtree City	9,284 SF \$242,507/annually	Clayton State - Fayette
Georgia Institute of Technology	4401 East Baseline Road, Suite 105, Phoenix, AZ	7,041 SF \$76,613/annually	GTRI
Georgia Institute of Technology	1594 Marietta Street	35,500 SF \$178,854/annually	Library Records Center
Kennesaw State University	57 Waddell Street, Marietta	18,260 SF \$91,300/annually	Ignite HQ
University of Georgia	125 Pine Ave, Suite 140, Albany	2,221 SF \$17,115/annually	Small Business Development Center
University of Georgia	513 E. Oglethorpe Ave, Savannah	1,625 SF \$40,625/annually	Small Business Development Center
University of Georgia	501 Gloucester Street, Suite 200, Brunswick	982 SF \$16,508/annually	Small Business Development Center
University of Georgia	417 W. Third Ave, Albany	2,411 SF \$26,846/annually	Office/classroom space for Pharmacy Program
University of North Georgia	22 Wimpy Mill Road, Dahlonega	Sims Gold Nugget Lodge, Units 101, 302 \$12,530 (7 months)	Faculty housing
University of North Georgia	1611 Gibbs Drive	2,500 SF \$12,600/annually	General use storage
University of North Georgia	31 Walker Drive	3,200/SF \$35,820/annually	Print services and laboratory space

2. **Real Estate Actions Taken within Delegated Authority (continued)**

Leases as Landlord

<i><u>Institution</u></i>	<i><u>Location</u></i>	<i><u>Square Feet/Rent (initial term)</u></i>	<i><u>Use</u></i>
Abraham Baldwin Agricultural College	2802 Moore Highway, Tifton	3,200 SF \$12,000/annually	Georgia Public Safety Training Center
Columbus State University	3001 Macon Road, Columbus	10,500 SF \$41,800/annually	Georgia Public Safety Training Center
Georgia Highlands College	3175 Cedartown Highway, Rome	3,467 SF \$15,000/annually	Georgia Public Safety Training Center
University of Georgia	529 Baxter Street, Athens	1,905 SF \$38,181/annually	Restaurant

3. Authorization of Project No. BR-30-1703, College of Computing Robotics Interdisciplinary Research Neighborhood, Georgia Institute of Technology

Recommended: That the Board authorize Project No. BR-30-1703, College of Computing (“CoC”) Robotics Interdisciplinary Research Neighborhood, Georgia Institute of Technology (“GIT”) with a total project budget of \$4,000,000 to be funded from grant and institutional funds.

Understandings: Over the past decade, GIT has become a leader in robotics research and education. The Colleges of Engineering and Computing have made robotics a top priority and are working together to expand research activities and undergraduate and graduate course offerings, and to identify space that facilitates interdisciplinary collaboration and meets instructional needs.

The project would renew and transform approximately 14,000 square feet of existing laboratory and common areas in the lower level of the College of Computing Building into a Robotics Interdisciplinary Research Neighborhood (the “Robotics IRN”). The Robotics IRN would house new dry labs with special accommodations for open areas, robust power and projection capabilities and motion capture equipment. There will also be core facilities to serve the campus community in fabrication and 3d printing related specifically to robotics. In addition, mechanical, electrical, plumbing and life safety systems would be upgraded to support the Robotics IRN.

The estimated construction cost for this project is \$3,178,000.

If authorized by the Board of the University System Office staff and GIT would proceed with design and construction of the project in accordance with Board of Regents procedures.

4. Appointment of Design Professional Firm, Project No. J-294, Historic Terrell Hall & Kilpatrick Hall Renovations, Georgia College & State University

Recommended: That the Board approve the ranking of the named design professional firms listed below for the identified project and authorize contract negotiations to proceed with the top-ranked firm. Should it not be possible to execute a contract with the top-ranked firm, staff will then attempt to negotiate and execute a contract with the other listed firms in rank order.

A qualifications-based selection process was held in accordance with Board of Regents procedures to identify and rank firms. The following recommendation is made:

Project No. J-294, Historic Terrell Hall and Kilpatrick Hall Renovations, Georgia College & State University

Project Description: Authorized by the Board in September 2015, the project will renovate and repurpose Terrell Hall, which was constructed in 1909 and contains approximately 32,700 square feet (“SF”). It will also refurbish Kilpatrick Hall, which was constructed in 1939 and contains approximately 30,000 SF.

Given their age, the building systems of Terrell Hall require significant upgrades. An energy-efficient heating and air conditioning system with modern controls will replace the building’s antiquated systems. Furthermore, the project will replace the outdated electrical system, improve the plumbing system, and install new IT/AV systems. Accessibility upgrades are also planned, including the addition of a new elevator. This project will revive and refresh Terrell Hall’s finishes while respecting its historic features.

The renovations to Kilpatrick Hall will replace windows and glass block incorporated into the building in the 1970’s renovation.

The project will be funded from State General Obligation Bond Funds.

Total Project Cost:	\$13,300,000
Construction Cost (Stated Cost Limitation):	\$9,850,000

Number of firms that applied for this commission: 31

Recommended firms in rank order:

- 1)
- 2)
- 3)
- 4)
- 5)

5. Appointment of Design Professional Firm, Project No. J-299, Memorial Hall Additions & Renovations, Dalton State College

Recommended: That the Board approve the ranking of the design professional firms named below for the identified project and authorize contract negotiations with the top-ranked firm. Should it not be possible to execute a contract with the top-ranked firm, staff will then attempt to execute a contract with the other listed firms in rank order.

A qualifications-based selection process was held in accordance with Board of Regents procedures to identify and rank firms. The following recommendations are made:

Project No. J-299, Memorial Hall Addition & Renovations, Dalton State College

Project Description: Authorized by the Board in September 2015, this project will renovate approximately 30,000 square feet in Gignilliat Memorial Hall and construct a 20,000 square-foot addition. The renovation will upgrade the HVAC system, install an elevator and classroom soundproofing, along with new carpet, drywall and paint. This project will allow for the consolidation of all business classes into Memorial Hall and provide new spaces conducive to the needs of the School of Business.

The project will be funded with \$5,000,000 in Fiscal Year 2017 State General Obligation Bonds and \$5,000,000 in Dalton State College Foundation funds.

Total Project Cost:	\$10,000,000
Construction Cost (Stated Cost Limitation):	\$ 7,250,000

Number of firms that applied for this commission: 24

Recommended firms in rank order:

- 1)
- 2)
- 3)
- 4)

6. Ground Lease and Rental Agreement, Structured Parking Facility, Dahlonega, University of North Georgia

Recommended: That the Board declare approximately 1.417 acres of real property (the “Property”) on the Dahlonega campus of the University of North Georgia (“UNG”), to be no longer advantageously useful to UNG or other units of the University System of Georgia, but only to the extent and for the purpose of allowing this real property to be ground leased to North Georgia Parking & Recreation Center, LLC (the “LLC”), for the construction of a 525-space structured parking facility (the “Project”).

Recommended further: That the Board authorize the execution of a ground lease (the “Ground Lease”) of the Property and the grant of any necessary access and use easements, between the Board of Regents, as Lessor and Grantor, and the LLC, as Lessee and Grantee, for a construction term not to exceed two (2) years, and a primary term not to exceed twenty-nine (29) years from the date the LLC obtains a certificate of occupancy for the Project, along with an option to renew the Ground Lease for up to an additional five years should there be debt outstanding at the end of the primary term.

Recommended further: That the Board authorize the execution of a rental agreement between the LLC, as Landlord, and the Board of Regents, as Tenant, for the Project for the period commencing on the first day of the month after the LLC obtains a certificate of occupancy for the Project, but not earlier than September 1, 2017 and ending the following June 30 at a base rent not to exceed \$500,000 per year, along with an option to renew annually for up to twenty-nine (29) consecutive, one-year periods with base rent increasing no more than 3% for each option period exercised.

Understandings: In May 2016, the Board authorized construction of the Project as a public-private venture (“PPV”) on the Dahlonega campus with a total project budget of \$9,200,000. At the same Board meeting, an increase in UNG’s transportation fee from \$195 to \$220 per semester for students on the Dahlonega campus was approved effective in Fall 2016. The revenue generated from the fee increase, as well as staff and faculty parking fees, will help support annual lease payments on the Project. A portion of the anticipated savings from the refinancing of 2007 bonds for an existing parking structure on the Dahlonega campus may also be available to support lease payments for the Project.

Project funding will be supplemented with a \$2,000,000 upfront contribution from UNG auxiliary services and a \$450,000 upfront contribution from the Foundation. The anticipated schedule is for the LLC to secure financing in early November 2016 and commence construction immediately thereafter. Construction of the Project is expected to be completed no later than January 2018.

At the end of the term of the Ground Lease, the real property, all improvements, and any accumulated capital reserves would revert to the Board of Regents

7. **Authorization of Project and Appointment of Design Professional Firm, Project No. BR-10-1703, Renovation of Russell Hall, University of Georgia**

Recommended: That the Board authorize Project No. BR-10-1703, Russell Hall Renovation, University of Georgia (“UGA”) with a total project budget of \$44,500,000, to be funded from institution funds (UGA Housing Reserves).

Recommended further: That the Board approve the ranking of the design professional firms listed below for the identified project and authorize contract negotiations to proceed with the top-ranked firm. Should it not be possible to execute a contract with the top-ranked firm, staff will then attempt to negotiate and execute a contract with the other named firms in rank order.

A qualifications-based selection process was held in accordance with Board of Regents procedures to identify and rank firms. The following recommendation is made:

Total Project Cost: \$44,500,000
Construction Cost (Stated Cost Limitation): \$34,500,000

Number of firms that applied for this commission: 12

Recommended firms in rank order:

- 1)
- 2)
- 3)

Understandings: In developing a master plan for UGA’s high-rise residence halls, UGA extensively analyzed its current housing operations, as well as a number of renovation and new construction scenarios and financing alternatives. Based on this review, UGA determined that a renovation of Russell Hall (the “Project”) is more cost-effective than new construction for meeting the current and future needs of UGA students. This Project would help ensure continued affordability of student housing on campus, while also providing adequate reserves for future renovations and renewals of other residence halls.

The Project would increase room space and flexibility through the removal of built-in furnishings, and provide students with individualized in-room temperature controls. Along with enhanced student study and community spaces, the hall bathrooms would be configured for greater privacy in showers and toilets. In addition to a complete update of the mechanical, electrical, plumbing and IT systems, windows would be replaced to improve energy efficiency and modifications would be made to enhance ADA accessibility. Construction quality would reflect campus standards for aesthetics, durability and maintenance ease, code compliance and long term operating efficiency of systems, components and finishes.

If authorized by the Board, the University System Office staff and UGA would proceed with design and construction of the project in accordance with Board of Regents procedures.
